C:\Users\devta>wsl --status
Default Version: 2

The Windows Subsystem for Linux kernel can be manually updated with 'wsl --update', but automatic updates cannot occur due to your system settings.
To receive automatic kernel updates, please enable the Windows Update setting: 'Receive updates for other Microsoft products when you update Windows'.
For more information please visit https://aka.ms/wsl2kernel.

The WSL 2 kernel file is not found. To update or restore the kernel please run 'wsl --update'.

Ubuntu 24.04.2 LTS

The latest LTS version of Ubuntu, for desktop PCs and laptops. LTS stands for long-term support — which means five years of free security and maintenance updates, extended up to 12 years with Ubuntu Pro.

What's new [System requirements](#) How to install

The image shows a screenshot of the Canonical Ubuntu website. At the top, there's a dark header bar with the Canonical logo, a search bar, and navigation links for "Enterprise", "Developer", "Community", "Download", "We are hiring", "Products", "Search", and "Sign in". Below the header, a breadcrumb trail shows "Downloads > Desktop > Thank you". The main content area features a large "Thank you for downloading Ubuntu Desktop" message. It includes instructions: "Your download should start automatically. If it doesn't, download now." and "You can verify your download, or get help on installing." At the bottom, there's a "Getting started with Ubuntu Desktop" section with two buttons: "Install Ubuntu desktop" and "How to run Ubuntu on a virtual machine". A file download progress bar is visible at the very bottom left, showing "ubuntu-22.04-desktop-amd64.iso" at 0.0% complete.
